

Annex D – Chapters: A Libraries and Archives Game

Chapters: A Libraries and Archives Game was developed by NLB, together with volunteers and partners, to celebrate NLB's 30 years of history and more! With each turn, players get to build their Site into their dream library, using Feature cards inspired by NLB's suite of offerings over the last 30 years, unlocking the ability to invite more Friends to visit. The most popular library wins. In the game, players will find cards showcasing NLB projects such as "Big Book Giveaway", and "MOLLY" our mobile library. The game is simple and suitable for anyone aged 8 years and above.

Chapters will be available for redemption later this year, and interested gamers can indicate their interest via the mailing list at <https://go.gov.sg/chapters>.
