

Annex C – NLB30 Commemorative Items

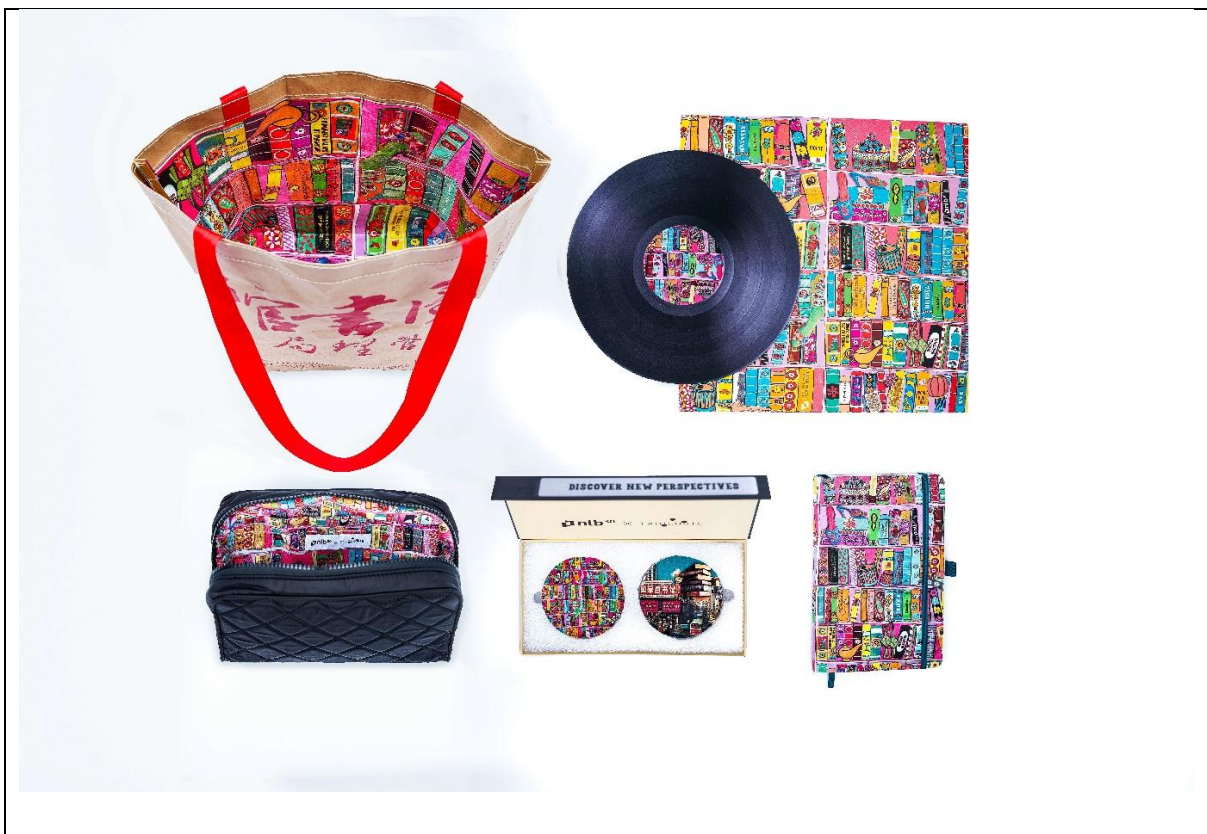

Launched as part of NLB's 30th anniversary celebrations, the commemorative items collection (available for sale) celebrates significant milestones in NLB's development through two special collection lines:

1. A NLB30 collaboration with local design company Triologie featuring three artistic prints celebrating NLB's journey; and
2. A Book Bugs collection featuring favourites from seasons 1 to 5, including NLB30 commemorative Book Bugs Pagie and Empress.

Through these thoughtfully designed collections which represent our shared experiences, NLB continues its mission to inspire reading, learning and discovery.

Patrons can purchase these commemorative items in-person at a limited-time booth running from 6 to 29 September 2025 at the lobby of the National Library Building, or at roving pop-ups that will visit various locations at our libraries and events from September onwards. Alternatively, the commemorative items can be purchased via NLB's newly-launched online store at <https://shopee.sg/nlbmerchandise>.

NLB's remarkable journey reflects our significant evolution over the years.

Our commitment to preserving our rich history while embracing modernity ensures libraries and archives remain at the heart of our community's cultural and educational fabric.

More than just a pin on a map, the stories housed within their walls will always be a treasured part of our lives.

Larger-than-Life Wisdom

At the heart of our vibrant city-state stands a tower of larger-than-life books, where knowledge comes alive through reading, learning, and discovery.

These books are more than mere objects – they are living entities that have become our second skin, shaping Singapore's information landscape.

Through their pages, we discover not only powerful insights, but a moving narrative of our nation's journey and aspirations.
