

Title : Les Paraben

Composer : Syed Ahmad

Lyricist : Esam

She's the toast of the
town that's right
chocolates are a sin
sugarfree's alright
everything's alright
she's alone in a car
outside everynight it's
the same where the red
lights bright
everything's alright les
paraben she's a fading
neon light les paraben
like a little shooting
star les paraben she's
a twinkle she's the
reigning beauty queen
that's right boyfriends
are a pain where the
sun don't shine
everything's alright
