

**Title : An Angel's Prayer**

**Composer : Hillary Francis**

**Lyricist : Hillary Francis**

Oh, Lord, I pray  
Please lend a hand  
In this troubled day  
There seems no end  
Stop the hurricane  
Stop the war and the pain  
Let the love begin to stop the hate

I know love is sure, love must come  
Shine your loving light on everyone

Every soul's a sinner right from the start  
Yes, it's right, you know it's right  
So let every child see the glory in your heart

Oh, Lord, I pray  
Please make a stand  
Help the world today  
Make them understand  
Let the storm be calm  
Let your heart be warm

In your own compassion  
In your mercy  
In time forlorn

Thank you, Lord  
For giving all we need for this life on earth  
To be part of your creation  
Which is a gift of love  
If I have to choose between right and wrong  
Forgive me but I've been with you so long

If I have to live my life all over again  
I'll still be your... angel  
My affection will not change
