Composer : Mas' Irwan Johari

Lyricist : Sheikh Haikel

Believe in what you want
Believe in what you do
Believe in anything you like my baby, but let me tell you
Believe in how to groove

You may say that I'm a liar
You may say that I'm a fool
Say it in any way you like, but let me tell you
To groove is just to do

Keeps moving on, I'm saying it
(The Grooves) keeps moving an
Keeps moving on, I'm saying it
(The Grooves) keeps moving on

* Move on
Groove on your dreams tonight
Don't fall, reach out, just hold on tight
You wanna do the right thing
(X2)

Believe in what you want
Believe in what you do
Believe in anything you like my baby, but let me tell you
Believe in how to groove

You may say that I'm a liar
You may say that I'm a fool
Say it in any way you like, but let me tell you
To groove is just to do

* Move on
Groove on your dreams tonight
Don't fall, reach out, just hold on tight
You wanna do the right thing
