

Title : I Love The Way You Move

Composer : Martin Tang

Lyricist : Ray Kelly

CHORUS

I love the way you move.
You're getting me in the groove,
I love the way you move
Got to get a little loving
I love the way you move
You're getting me in the groove
I love the way you move in for the kill

- 1) Love can make you feel this way.
Party on down and dance the night away
Boy, you really got me now.
On the right track gonna rock the night away.

Repeat CHORUS

- 2) Love, can put you in a spin,
Round and round the circles in my mind
Boy, you really do deserve,
Got to hold tight.
Gotta make you wanna stay

Repeat CHORUS

XX When we're all alone,
I swear to my heart all over again. Oh No.
And even if it takes all night.
I'll be looking out for more.
Of the way you're moving me in with the love you guide to me.

Repeat CHORUS

Rhythm - (Round and round
and round - Gotta get your
loving - Rock the night
away - Moving for the kill)

Repeat CHORUS X 2
