

**Title : Feel The Groove**

**Composer : Terry Lee and Vanessa Fernandez**

**Lyricist : Terry Lee, CCCrush and Deborah Torres Patel**

Forget about your 9 to 5  
We've got the rhythm can you catch the vibe  
Move your feet it's time to get on down  
Tonight's the night for us to hit the town

I'm here to party  
It's time to move your body  
And I just wanna ... uh uh ooh  
Get up & feel the groove

Send your body rockin' droppin'  
There's no need for stoppin'  
Shakin' breakin' ain't no hesitatin'  
I just wanna move  
I know you feel it too  
Get up & feel the groove

Now you got it going down  
(Can't fake it, you really gotta shake it)  
I like the way you dig this funky sound  
(Don't lose it, I like the way you use it)  
Come up close this beat will lead the way  
(Just do it, know you wanna move it)  
Cuz you know this groove is here to stay

I'm here to party  
It's time to move your body  
And I just wanna ... uh uh ooh  
Get up & feel the groove

Send your body rockin' droppin'  
There's no need for stoppin'  
Shakin' breakin' ain't no hesitatin'  
I just wanna move  
I know you feel it too  
Get up & feel the groove

I'm in the mood, I know you feel it too  
Slide over here next to me

Alone in this place, come into my space  
So baby let's feel the groove

Send your body rockin' droppin'  
There's no need for stoppin'  
Shakin' breakin' ain't no hesitatin'  
I just wanna move  
I know you feel it too  
Get up & feel the groove
