

Title : Bengawan Solo

Composer : Dick Lee

Lyricist : Dick Lee

Bengawan Solo, the river of my dreams
Drifting through my secret life
To places where I haven't been
No one needs to know
Where you can carry me
You can take me down your streams
And show me what my wishes mean.

River of desire
When you are calm you only soothe me
But when you overflow with fire
You spark my wildest dreams

Bengawan Solo take me away to there
I don't have to be myself
Like you, I'd flow without a care.
