

Title : Paper

Composer : Derek Zurzarte

Lyricist : Daphne

Reflections on the water
I share with you on my blank paper
Call out your name as if I don't know you
Or I've had you replaced

Were you real and were you here
What's this feeling that I fear
Open up and make things clear
Did you love me

Chorus

Screaming aloud won't help
But it makes me feel better
Nothing compares to this
Why are we still here shouldn't we have moved
But still we stay, I cannot be with you
Let me go

The scars upon your head pierce through my soul
Yet I can't love you
The way that you love me
Why can't you see that
like this we won't last

Trust me we will be just fine
Let go of these
Feelings you feign inside
I know in just a matter of time
We'll be fine.

Chorus

Were you real
And were you here
What is this feeling that I fear
