

**Title : Shine On Me**

**Composer : Jim Lim**

**Lyricist : Jim Lim**

The moment when I was born  
Into this world, into my home  
I recall when I was young  
Stars and crescent shine on me

In my heart lies my homeland  
I share this joy with my families and friends  
Let our strength build on and on  
Reaching out to the world

**Chorus**

Stars and crescent shine on me  
Make us more than what we can be  
All our dreams come true  
As we all grow stronger

Stars and crescent shine on me  
Turning our hopes into reality  
For we will always be  
Shining as one

Let our hopes lead us afar  
Into the world, to be the best  
There's so much to reach out for  
Stars and crescent shining on

In my heart lies my homeland  
I share this joy with my families and friends  
Stepping out into a new world  
As we make our choices

Repeat **Chorus**
