TREE OF GENRES

The first stop in Storyteller Cove is the Tree of Genres.

Choosing a genre is the first step to creating a story in Storyteller Cove. When a genre is selected, our hardworking Storyteller Elves cut down the branch and carry it over to the Creator's Grove, where other Elves craft the story.

Look for the Tree of Genres in the Cove and note down the names of the genre branches in the blanks above! The handy hints below the blanks are there to help you.

From top to bottom:  
1. Science Fiction 2. Mystery Fiction 3. Paranormal Fiction

CREATOR'S GROVE

A second attraction in Storyteller Cove is the Creator's Grove.

Here, the Storyteller Elves craft the branches from the Tree of Genres into Beginnings, Middles, and Endings, and bind them into books at the Workstations.

Each Workstation requires some important ingredients, which you can find in the Creator's Grove. Fill in the blanks to match the ingredients to the correct Workstation.
