My Trip to Punggol Regional Library

A Visual Schedule for Caregivers and Persons with Disabilities

NLB | National Library Board Singapore

My Trip To The Library

How do I use this Visual Schedule?

1. A few days before your visit, read the library's Social Story to get familiar with the library. Then print out the visual checklist and picture cards to plan your trip to the library.

2. You can use the visual checklist on page 2 and 3 to decide where you want to go in the library.

3. The picture cards on pages 4 to 7 show various library spaces and action cards you can use to say when you need to sit down, use the toilet, etc. You can also customise the blank cards to suit your need(s).

4. When you have decided which areas you want to visit, cut out the relevant cards and paste them onto your checklist.

5. You can also leave some steps on your checklist empty, so that you can add more picture cards to it while you are at the library.

6. Bring your completed visual checklist with you to the library.

7. When you are at the library and have completed an activity, check it off in the "All Done" column.
